1. Happiness and bacteria have one thing in common; they multiply by dividing. (Rutvik Oza)
2. If you don't like bacteria, you're on the wrong planet. (Stewart Brand)
3. Eradication of infections caused by pathogenic bacteria poses a great challenge to mankind.
4. The role of carbohydrate-uptake and -metabolic systems in the life style of pneumococcus is pivotal.
5. More than 40,000 parasites and 250 types of bacteria are exchanged during a typical French-Kiss.
6. The seeking of knowledge is obligatory for everyone. (Prophet Muhammad (S.A.W.W))
7. Think 100 times before you take a decision, but once that decision is taken, stand by it as one man. (Muhammad Ali Jinnah)
8. Our greatest responsibility is to be good ancestors. (Jonas Salk)
9. The Dutch summer and the game of cricket represent the best combination on earth.
10. To keep the same bicycle in Groningen throughout your PhD is as difficult as to do your PhD.
